International Women's Day is an important time for celebrating the inspirational women in our lives - from our work colleagues, to our family and those we look up to in our community - and we are delighted to be doing even a small part to help celebrate some of those women this International Women's Day.

We hope to hear stories from our nominees about the unforgettable women in their lives - whether it's those who they admire, those who have overcome difficulty and adversity, those making positive changes for gender equality, or those who simply make each day a bit brighter for everyone around them.'

Nominations for the Unforgettable Women Contest open on Monday 10th February and close on Monday 23rd March. You can submit your nomination, and share your story of an unforgettable woman in your life on the Unforgettable Greece website. ([link](#))
